About us

Overview of Scouting

We are the UK's biggest mixed youth organisation. We change lives by offering 4 to 25-year olds fun and challenging activities, unique experiences, everyday adventure and the chance to help others so that we make a positive impact in communities.

Scouts helps children and young adults reach their full potential. Our members gain valuable skills for life including teamwork, time management, leadership, initiative, planning, communication, self-motivation, cultural awareness and commitment. We help young people to get jobs, save lives and even change the world.

What do Scouts do?

Scouts take part in a wide range of activities as diverse as kayaking, abseiling, expeditions overseas, photography, climbing and zorbing. As a Scout you can learn survival skills, first aid, computer programming or even how to fly a plane. There's something for everyone. It's a great way to have fun, make friends, get outdoors, express your creativity and experience the wider world.

What do volunteers do?

This everyday adventure is only possible thanks to our team of adult volunteers, who support Scouts in a wide range of roles from working directly with young people, to helping manage a local community-based Group, to being a charity Trustee. We help volunteers get the most out of their experiences at Scouts by providing opportunities for adventure, training, fun and friendship.

Our award-winning training scheme for volunteers means that adults get as much from Scouts as young people. Our approach focuses on what you want to get out of volunteering with Scouts, while respecting how much time you can offer. Over 90% of Scout volunteers say that their skills and experiences have been useful in their work or personal life.

Key facts and figures

The Scout Association is a UK charity founded in 1907 and now boasts a membership of over 620,000 young people and adult leaders. We are the largest mixed youth movement in the UK. Scouting activity is delivered through 7,000-plus community-based Scout Groups nationwide.

Scouting is widely recognised and is one of the most trusted charities in the UK, giving it a significant level of influence and responsibility. Scouting's greatest strength lies in its grass roots. It is locally that Scouting is best able to identify and work directly with young people most in need.

We believe that through the everyday adventure of Scouting, young people and adult volunteers regularly experience new challenges that enrich and change their lives.

The current focus for the Trustees and those in Scouting in the UK is delivering our strategic vision.

Our strategy

A new strategic plan for Scouting across the UK is currently nearing completion to secure a strategic direction through to 2023 and to grow on the success of the current plan. Team UK (the team of commissioners that leads Scouting across the UK) will play a key part in leading the delivery of this strategy. More details on the work towards our new plan are available at www.scouts.org.uk/ourplan.

By 2023 we will have prepared more young people with skills for life, supported by amazing leaders delivering an inspiring programme. We will be growing, more inclusive, shaped by young people and making a bigger impact in our communities.

Further information on our strategic objectives are provided on our website at www.scouts.org.uk/ourplan.

Good Scouting Managers

District Commissioners support other managers, known as Group Scout Leaders, and other volunteers. Adults at every level need support to ensure that they are motivated, inspired and focused on providing first-class Scouting. A good manager thanks other volunteers for their hard work and helps to make sure that they feel happy and supported, week after week.

The District Commissioner will also provide direction for the District and will help others see the bigger Scouting picture through solid leadership. We believe that everyone in management roles within Scouting should adopt an approach that combines the skills of both leadership and management.

Core Skill Areas

Providing direction

A good District Commissioner will create a vision for Scouting in their District and provide clear leadership for their team to implement that vision.

Working with people

It is vital that a District Commissioner can create team spirit amongst the other volunteers they work with, and can form effective working relationships based on trust and the fundamental principles of Scouting:

- integrity
- respect
- care
- belief
- cooperation

Achieving results

Good District Commissioners ensure that goals are achieved, plans are seen through to completion, and that good relationships are maintained within and between Scout Groups. Forging links within the local community is also an important aspect of development.

Enabling change

It is important for District Commissioners to encourage volunteers to think of creative ways to improve Scouting across the District. They should then provide the support to implement appropriate changes.

Using resources

A good District Commissioner will ensure that information and resources are available, helping volunteers across the District to continue to provide excellent Scouting opportunities to young people.

Managing time and personal skills

A good District Commissioner should use their time effectively and be willing to continue to learn and improve their skills.
