

# Austria Kit List

**Personal Kit** – Going inside your holdall that has been provided.

Everything must be clearly marked with the young person's name; it is inevitable that we will find something that does not belong to anybody at some point during the camp. With this in mind, it may be useful if young people are encouraged to pack their own bags.

**Clothing needs to be appropriate and practical for the event, it really is not a fashion parade. If you can see up it, down it or through it, it is not suitable to be worn on camp!**

- Current Cub/Scout/Explorer/Leader Uniform top
