

## Water Activity Training

Work towards your Dinghy Sailing Permit

### Outline

The County Executive has approved the financial support required to train up to 3 adults to become members of the Humberside Scout Sailing team.

The support will enable adults that undergo the training to achieve a dinghy sailing permit and become part of the sailing team,

### Benefits

As a County we recognise that our members enjoy water activities, but places are often limited. We want to be able offer more sessions and activities to our groups, making more of the great facilities and equipment that we have.

### Requirements

You do not need to have any experience, just a willingness to learn and the enthusiasm to help us achieve one of our goals – Offering more activities to our young people.

### Cost

It's Free!

### More Information

To apply, or to discuss this further, please contact Alan Hayward, Deputy County Commissioner (Adult Support) on one of the following:
