Programme Sparks

Badge Design

Sections that complete 50 or more of the activity ideas will earn an occasional badge to wear on their uniform. So naturally the first activity is to design that badge!

Beavers and Cubs could design the badge together, working as a team to include everyone's ideas. Scouts, Explorers & Network could create designs individually or use appropriate computer programmes to design the badge.

There will be a prize for the winning design!

The design...

'Programme Sparks – elements for adventure' should be the inspiration for the design, taking into account the colours and images used on the poster.

Our only requirements are:

- It should not contain fine detail that would be hard to reproduce.
- No more than 6 different colours may be used in the design.

If you would like to enter then please print out and complete the following page.

Entries should be received by **28th February 2018** and sent to:
