

Rifle Range – Supervisor notes

The rifles **MUST** be kept locked, within the cabinet in the rifle range

Keys will only be loaned to suitably qualified persons.

No more than four rifles should be drawn from the lockers at any time

Within the range the following procedure must be complied with:

- No more than eight shooters will be allowed in the rifle range at any one time (four shooting and four in the waiting area) - Any other persons should assemble in the area outside
- The range officer must give instructions exactly as they appear on the 'Instructions to shooters' card to all shooters **BEFORE** they handle the rifles
- The Range Officer must ensure that the gate and target area are securely closed before any pellets are issued
- Before any change of shooters, the Range Officer must ensure that all rifles are broken and placed in the shooting direction.
- The log must be completed after every use and any suitable comments logged
- Upon completion of the session, the rifles used **MUST** be locked in the cabinet and the keys returned.
