Troop Kit List

We ask that each Troop provides their PLs and APLs with the following equipment, to use and share between them.

We recommend that they are involved in getting out/packing this equipment for the weekend, so they are familiar with what they are bringing and can ensure its safe return!

Transport of this equipment to and from the camp should be arranged by each Troop.

- Tents for all members attending
- Cooking equipment which should be at least:
 - 1 large billy
 - 1 smaller billy
 - 1 frying pan
 - Utensils

All cooking equipment should be suitable for cooking on open fires.

- Washing up bowls and cleaning supplies
- Old tarps/plastic sheets, old ropes and other suitable shelter building materials
- Saw to cut firewood - Training will be given on the event for anyone new to using this tool.
- 2 Compasses to share between them

Any saws, brought by Troops, must only be used within a designated cutting area.

The Scouts will learn the best practise for setting these up on Saturday morning, before needing to use them on Saturday afternoon.
